

Appliance Install Pricing

Effective 1/3/11

Installation Hot Line: (716) 601-0630, Hours: Mon - Fri 8AM - 6PM and Sat 8AM - 3PM

PLEASE NOTE: Orville's will not complete any installation that requires alterations to your circuit/fuse box. This may be required for any "NEW" installation because most appliances are required to have their own dedicated circuit.

Orville's is pleased to offer installation of your new appliances even if you did not purchase them from us. Please be advised that there is a \$75 additional fee per appliance for this service.

Estimates

There is a \$25 Fee for ALL Estimates which take place PRIOR to purchasing your appliance(s). This fee is applicable to the final installation cost.

All Professional Appliances & New or Custom Installations require an On-Site Estimate
